**AGE MANAGEMENT, FUNCTIONAL MEDICINE AND GYNECOLOGY**

In a perfect world, every woman could cough without crossing her legs, laugh without fear of leaking, and confidently enjoy intimacy without worrying about perfect symmetry. What if we told you that all of your pelvic floor concerns are a thing of the past?

Whether you'd like to make revisions for your health, appearance, or for sexual pleasure, HealthWellnessMD has the tools and the expertise to help you look and feel amazing. Bet you didn't know that your pelvic floor could be perfection. You probably had no idea that we have non-surgical solutions for your most intimate issues.

The Femilift is for every woman. Every woman who suffers from incontinence, every woman who wants less discomfort and greater sensation, every woman of every age who wants to feel rejuvenated. Dr. Maryann Prewitt uses the minimally invasive Femilift laser to stimulate collagen production and increased blood flow. For women who are embarrassed that their labia are somehow different, we offer laser labiaplasty—the fastest-growing type of cosmetic surgery today. Bet you didn't know that you can have perfectly symmetrical labia without going under the knife. Dr. Prewitt performs labiaplasty right here at skinFIT MedSpa and you go home with little downtime, no stitches, and the look you thought you'd never have.

But, now you know...and your world just got a little more perfect.
