For over 20 years, Dr. Maryann Prewitt has been helping Dallas-area patients thrive. From bringing new life into the world as an Ob-Gyn in Richardson to saving lives as a robotic surgeon in Plano and Frisco, Dr. Prewitt has now come full circle. At her Knox District clinic, HealthWellnessMD, she is bringing the functional medicine revolution to women and men who are seeking a modern way to age and an optimal way to live. Dr. Prewitt's entire practice is devoted to sharing this knowledge with her patients.

Dr. Prewitt's goal is to extend your health span but also to improve your quality of life. Through optimizing their thyroid function and balancing hormones, she helps patients renew energy, enhance libido and sexual wellness, and sharpen mental clarity for long-term vitality. Dr. Prewitt, though, doesn't stop there. The medical spa at HealthWellnessMD addresses any external desires. Dr. Prewitt has assembled the largest array of lasers and antiaging therapies anywhere. She and her team develop custom laser protocols for the skin, body, and overall appearance. Like Dr. Prewitt says, "Longevity is not just about adding years to your life but adding value."

"Longevity is not just about adding years to your life but adding value."
